Dy. Manager (Commercial)

SCOPE OF WORK

1. To prepare detailed schedule of work with reference to the drawings supplied by the machinery supplier including individual panel identification and segregation with respect to the physical need of the location and the load distribution, identification of individual cables and their required quantities, to verify and certify whether the panel designs as well as other installations meet the requirements of the electrical inspectorate standards.
2. To provide necessary documentations/drawings required for the revamping/replacing of the existing electrical installations including modification of panels, subpanels for MCC, cable routing etc., if needed, to meet the requirements of the electrical inspectorate standards.
3. To prepare tender documents & drawings and designs necessary for calling tenders for executing the installation works described in the above items 1&2. The Bill of quantities (BOQ) with specification & rates shall be submitted. The items in the CPWD schedule of rates shall be considered in general for the preparation of BOQ.
4. To extend technical support to TKCL to finalise the tender for awarding the work to the eligible contractor.
5. To inspect the work at the various stages of execution for the conformity of quality and standards.
6. Extend technical support in reviewing/ approving technical submittals submitted by contractor, deviation/ extra items as necessitated during execution, obtaining final statutory approvals from all statutory bodies.

7. Shall extend support to TKCL in certifying final completion of the work and obtain all the required completion certificates/ leaflets/ NOCs/ OEM spare parts, test certificates, spare parts list & all other quality & technical documents from the various statutory authorities.
8. The interested firms can collect the details of the existing installations from our factory on all working days between 9 AM and 4 PM.
9. Contractor should submit the copy of Bank account pass book and pan card along with the tender.
10. The Contractor should submit the details of the previous experience if any in the execution of similar job
11. Any statutory deductions, Taxes, insurances etc will be deducted from the contractor's bill.
12. Payment will be made only after satisfactory completion of the work duly certified by the concerned authorities.
